

Creating Garden Sculptures

Thank you for registering for the Creating Garden Sculptures workshop.

Classes begin Sat, Feb 27, 9 – noon am and go to Sat Mar 27, 2010

(No class on March 13)

The materials covered in the course fee include the cemente fondue plaster and some of the solvents used for the process. However, there are a variety of things that students need to bring to class for each class. Your project will progress more smoothly if you bring these additional materials to your class.

First Saturday

Come with a plan for a relief sculpture (flat surface with raised image)
(picture or drawing)

a piece of plywood about 12" by 14" or a bit larger , plexi-glass works too
saran wrap

plastic bag to wrap around the board

some basic clay modeling tools -basic kitchen utensils work too (flat knife and spoon)

small plastic container

Wear clothes that can get dirty or wear an apron

Second Saturday

clay modeling tools (or flat knife & spoon)

small clean plastic pail

dust mask

paper towels

cloths for clean up

Wear clothes that can get dirty or wear an apron

Third Saturday

rubber gloves

a cheap or old brush

clean plastic pail

1L size plastic containers

Wear clothes that can get dirty or wear an apron

Fourth Saturday

chisel and hammer

protective eye wear

an awl is handy
